## **MANAGEMENT DISCUSSION AND ANALYSIS**

Pursuant to Regulation 34 (2) (e) of the Securities and Exchange Board of India (LODR) Regulations, 2015, your Board report as follows:

### **A) Steel Industry Structure and Developments**

- **World Steel Scenario**

The global steel industry has seen an accelerated growth over the years and is expected to grow even further in the times to come.

- The world crude steel production has increased to around 1,689 Million Tonnes (MT) in the year 2017 as per the data provided by World Steel Association, China being the top-most steel producing nation.
- The world apparent steel use per capita reached the mark of 214.5 kilograms for the year 2017.

Steel consumption also shows a strong link with the economic growth, for steel has become an essential material in almost every aspect of the economy, right from infrastructure, transportation to food packaging and consumption.

Global steel sector has over the years seen a significant growth pattern, together with several challenges and shortcomings which are on the verge of becoming the strength of the industry in the near future.

- **Indian Steel Scenario**

- India has once again retained third position among the major steel producing countries with a crude steel production of 101.4 MT in the year 2017 and based on the growth patterns in the industry over the years, it is expected to become the second largest producer of crude steel soon.
- The apparent steel use per capita has also increased, the same being 65.2 kilogrammes for the year 2017 as per the data provided by World Steel Association.
- The steel sector contributes to over 2% of the Country's GDP and provides employment to around 25 lakh individuals in the steel and allied sectors.

### **B) Opportunities and Threats**

There is good opportunity for Indian Steel Industries in future considering the following:

- **Opportunities**

- India is expected to become the second largest producer of steel in the world.
- Exports stood at 7.606 MT (April-December 2017-18), a growth of 52.9% compared to last year. India was a net exporter of total finished steel. Growth in exports ensures greater access to far out markets.
- Intention of Government to increase funding in infrastructure, affordable housing (Prime Minister Awas Yojana), strengthening of Real Estate norms

through 'Real Estate (Regulation and Development) Act, 2016' etc. will generate positive demand for steel.

In line with Central Government's announcement of various road/rail infrastructure projects, the market for local manufacturers is expected to improve.

Though there is good opportunity for Indian Steel Industries in future there are following threats also:

- Improper supply-demand balance.
- Depletion of high quality raw materials required for production of steel.
- Environmental concerns.
- Dumping of excess inventory in other countries by countries producing steel in abundance.

### C) Segment wise Performance

The Company deals in only one segment. Therefore, segment wise performance is not applicable for our Company.

### D) Outlook of Steel Industry

- Post the rollout of new Steel Policy in 2017, forex of Rs. 5,000 crore was saved since last year while around 24 MT of crude steel capacity was added during past four years.
- At the current pace and outlook of the industry, steelmaking capacity is expected to reach 150 MT mark by 2020.
- The policy aims at generating additional employment for 36 lakh people directly or indirectly in the sector.
- Infrastructure, oil and gas and automotives are expected to drive the growth of the industry.
- Identification of the issue of Non-Performing Assets (NPAs) has helped in efficient steps to be taken to resolve them on timely basis.
- Ministry of Steel also plans to set up '**Steel Research and Technology Mission**' in India to promote R&D activities in the sector.
- Government initiatives such as 'Make in India' and 'Smart City Mission' have further made the industrial environment favourable for the steel industry.
- There are opportunities available in the industry provided by the Indian economy to take advantage of and grow further.

### E) Risks and Concerns

India's role as a major producer is important and it can be sustainable only when if we keep track of the global market trends and our quality standards while ensuring consumer protection.

R&D should be a vital component of business strategy for sustained cost competitiveness and there is a need to explore alternatives and replace existing steel making technologies that increase operating costs.

## **F) Internal control systems and their adequacy**

The Company's internal control policies are in line with its size and nature of operations and they provide assurance that all assets are safeguarded, transactions are authorised and duly recorded.

The Company has an Audit Committee, majority of whose members including the Chairman are independent directors in order to maintain objectivity. Committee meets at regular intervals to review audit issues and follow up on implementation of corrective actions. Besides this, the Committee ensures proper compliance of applicable Laws, Accounting Standards and Regulatory Guidelines etc.

## **G) Discussion on financial performance with respect to Operational Performance**

Your Company's turnover during the period under review was ` 5,98,69.36 Lacs as compared to ` 9,320.00 Lacs for the previous financial year. The Profit before tax for the period under review was ` 49.52 Lacs as against profit of ` 17.17 Lacs for the previous financial year. The Profit after tax was ` 29.60 Lacs as against the profit of ` 5.44 Lacs for the previous financial year.

Your Directors are confident to again improve the performance in the current financial year.

## **H) Material developments in Human Resources**

Your Company has significantly stated investing in professional development and providing career development opportunities for its employees. Company is accelerating towards attracting the best talent, retaining them and ensuring sustainable growth.

## **I) Cautionary Statement**

The Management Discussion and Analysis Report contains forward looking statement based upon the data available with the Company, assumptions with regard to global economic conditions, the government policies etc. The Company cannot guarantee the accuracy of assumptions and perceived performance of the Company in future. Therefore, it is cautioned that the actual results may materially differ from those expressed of implied in the Report.

**Annexure - B to the Auditors' Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Viksit Engineering Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FORMING PARTS OF THE  
BALANCE SHEET AS AT AND STATEMENT OF PROFIT AND LOSS FOR THE  
YEAR ENDED 31<sup>st</sup> MARCH, 2018**

**SIGNIFICANT ACCOUNTING POLICIES:**

**A. Accounting Convention**

The financial statements have been prepared in accordance with Generally Accepted Accounting Principles in India ('GAAP') under the historical cost convention on the accrual basis of accounting. GAAP comprises mandatory accounting standards as specified in the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India ('SEBI') and other pronouncements of the Institute of Chartered Accountants of India ('ICAI'), to the extent applicable. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in an accounting policy hitherto in use. The financial statements are prepared and presented in Indian Rupees unless otherwise stated.

**B. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles require the management to make estimates and assumptions that affect the reported amounts of Assets and Liabilities and disclosure of Contingent Liabilities at the date of the financial statements and the result of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Significant estimates used by the management in the preparation of these financial statements include estimates of the economic useful life of Fixed Assets and provisions for bad and doubtful debts. Any revision to accounting estimates is recognized prospectively.

**C. Fixed Assets:**

**I. Tangible Assets:**

Fixed Assets are stated at cost of acquisition and subsequent improvements thereto, inclusive of taxes, freight and other incidental expenses related to acquisition, improvements and installation, except in case of revaluation of Fixed Assets where they are stated at revalued amount, as contained in AS-10. . Borrowing costs directly attributable to acquisition of those fixed assets, which necessarily take a substantial period of time to get ready for their intended use, are capitalized.

**II. Intangible Assets:**

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation/depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

#### **D. Impairment**

At each Balance Sheet date, the management reviews the carrying amounts of each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

An impairment loss is charged as expense in the statement of Profit and Loss in the year in which an asset is identified as impaired. Reversal of impairment loss is recognized as income in the statement of profit and loss.

#### **E. Depreciation & Amortisation:**

Depreciation on Fixed Assets is provided under the Written Down Value Method Effective 1<sup>st</sup> April 2015, the Company depreciates its fixed assets over the useful life in the manner prescribed in schedule II of the Act, as against the earlier practice of depreciating at the rates prescribed in schedule XIV of the companies Act 1956.

#### **F. Investments**

Investments wherever readily realizable and intended to be held not more than one year from the date of such investments are made, are qualified as current investments. Current investments are carried at lower of cost and quoted/fair value, computed category- wise.

Long term investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

#### **G. Inventories**

Inventories are valued at cost or net realizable value whichever is lower. Cost of inventories is computed on the First-In-First-Out (FIFO) basis.

#### **H. Sales**

Sales are exclusive of sales tax.

**I. Revenue Recognition**

Revenue is recognised only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of goods, services, service tax, excise duty and sales during trial run period, adjusted for discounts (net).

Dividend income is recognized when the right to receive payment is established.

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

**J. Taxes on Income**

Provision for tax for the year comprises current Income Tax and Deferred Tax and is provided as per the Income Tax Act, 1961.

Deferred tax resulting from timing differences between the book and the tax profits is accounted for, at the current rate of tax, to the extent that the timing differences are expected to crystallize. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in the future; however where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets/ liabilities are reviewed as at each balance sheet date.

Minimum Alternate Tax ('MAT') paid in accordance with the Indian Income Tax laws, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognized as an asset in the balance sheet if there is convincing evidence that the Company will pay normal tax after the tax holiday period and the resultant assets can be measured reliably.

**K. Provisions, Contingent Liabilities and Contingent Assets:**

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

**L. Contingent Liabilities**

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non-occurrence or one or more uncertain future events, not wholly within the control of the company, or where any present obligation cannot be measured in terms of future outflow resources or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of

resources are provided for. Contingent Assets are not recognized in the financial statements.

**M. Cash Flow Statement:**

The Cash Flow Statement is prepared by the “indirect method” set out in Accounting Standard 3 on “Cash Flow Statements” and presents the cash flows by operating, investing and financing activities of the Company.

**N. Earnings Per Equity Share:**

The earnings considered in ascertaining the companies earning per equity share comprise net profit after tax. The number of equity shares used in computing basic earnings per equity share is the weighted average number of shares outstanding during the year.

The number of equity shares used in computing diluted earnings per share comprises the weighted average number. of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares.
